PAID INTERNSHIP AND WORK EXPERIENCE TRAINEE PROGRAMS

CareerSource CLM's paid internship/work experience trainee programs offer employers the opportunity to try out potential employees at our cost. Our paid internship/work experience program identifies individuals who are coming out of training, or individuals who may lack experience in certain areas. The program pays individuals to work 20 to 40 hours a week for up to 12 weeks or 360 hours at your place of business. Wages, worker's compensation and other related payroll costs are paid by CareerSource CLM so that employers are not liable for payroll, taxes, worker's compensation or any other related cost.

- Internships are for area postsecondary students or recent graduates with technical training, but little or no experience.
- Work Experience focuses on job seekers who have work experience but whose job-specific skills need updating.

Selecting and training an intern/work experience trainee allows employers to train, observe and develop the trainee. By the end of the program, employers can gain a valuable new asset for their organization by offering interns/trainees full-time employment.
