Partner awards announced

The Central Florida Community Action Agency has named CareerSource Citrus Levy Marion its 2018 Partner of the Year for Marion County.

The agency, which serves Marion, Levy and Alachua counties, provides energy assistance and other programs for low-income families, particularly the elderly and disabled. Last November, the agency moved its Marion County office to CareerSource CLM's career center in Ocala.

During the awards event July 12 in Gainesville, agency CEO Charles Harris said the move resulted in "substantial financial savings to the agency and more importantly, provided convenience for our shared clients."

Harris joined CareerSource CLM's board of directors earlier this year.

The Partner of the Year awards also recognized the Chiefland Police Department as Levy County Partner of the Year and Wells Fargo as the Alachua County Partner of the Year.
