PROGRAM DESCRIPTION:

The construction trades offer room for career advancement, and excellent mid-career wages. Let MTC help you prepare for a rewarding career in this growing local industry. Our Construction Core class will be held at our new MTC East Campus facility starting in January of 2018. This class will feature the CORE curriculum designed specifically by NCCER, and will be taught by a certified instructor. The National Center for Construction Education and Research (NCCER) is nationally recognized by industry and government as the training, assessment, certification and career development standard for construction and maintenance craft professionals.

YOU CAN EXPECT TO LEARN:

- JOB SITE SAFETY TRAINING
- INTRO TO CONSTRUCTION MATH
- BASIC TOOL TRAINING
- INTRO TO CONSTRUCTION DRAWINGS
- INTRO TO BASIC RIGGING
- INTRO TO MATERIAL HANDLING
- BASIC COMMUNICATION & SOFT SKILLS TRAINING

EMPLOYMENT OPPORTUNITIES:

The construction industry is booming, especially in Marion County, and the need for skilled workers is growing. Employment of construction workers and helpers is projected to grow 13 percent from 2016 to 2026, faster than the average for all occupations*. Placement support with local employers will be available.

SALARY RANGE :

The median annual wage for construction laborers and helpers was \$32,230 in May 2016. *

INDUSTRY CERTIFICATIONS:

By completing this course, our students will be prepared to receive their NCCER Blue Card and for greater employment opportunities in one of the faster-growing industries in the United States**. Students who complete this course and earn their NCCER Blue Card **MAY** receive 6 months credit towards a Construction Apprenticeship Program. The cost for taking the certification examination is included in the program's total fee.
