We have audited the accompanying financial statements of the governmental activities and the major fund of Citrus, Levy, Marion Regional Workforce Development Board, Inc. d/b/a CareerSource Citrus Levy Marion (the Organization), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Organization as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 4-7) and budgetary comparison information (page 20) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Organization's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2020, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over

financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019

This discussion and analysis of the financial performance of Citrus, Levy, Marion Regional Workforce Development Board, Inc. d/b/a CareerSource Citrus Levy Marion (the Organization) provides an overview of financial activities for the fiscal year ended June 30, 2019. Please read it in conjunction with the financial statements which follow this section.

FINANCIAL HIGHLIGHTS

The following are various financial highlights in the Statement of Net Position:

- Overall net position decreased by \$15,616.
- Unrestricted net position at June 30, 2019, was \$257,338.
- The Organization incurred total expenses for the year of about \$7,079,421, compared to revenues of \$7,063,805.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Organization's basic financial statements. These basic financial statements consist of government-wide financial statements, fund financial statements and notes to the financial statements. The government-wide financial statements present an overall picture of the Organization's financial position and results of operations. The fund financial statements present financial information for the General Fund of the Organization. The notes to the financial statements provide additional information concerning the Organization's finances that are not disclosed in the government-wide or fund financial statements.

Government-Wide Financial Statements—All of the activities of the Organization are considered to be governmental activities. The Organization has no business-type activities, which are generally financed in whole or in part by fees charged to external parties for goods or services.

The government-wide financial statements provide both long-term and short-term information about the overall financial status of the Organization. These statements use a format similar to a private sector business. They include a statement of net position and a statement of activities.

The first financial statement is the Statement of Net Position. This government-wide financial statement includes long-term information such as capital assets and long-term liabilities, if any. The amounts in this statement are accounted for using the accrual basis of accounting. Accrual accounting is similar to the accounting used by most private-sector companies. All of the current year revenues and expenses are recorded, regardless of when cash is received or paid. Net position, the difference between these assets and liabilities, is a useful way to measure the financial health of the Organization.

The second financial statement is the Statement of Activities. This statement includes all of the revenues and expenses of the Organization and reconciles beginning and ending net position.

- This government-wide financial statement includes all of the current year revenues and expenses, regardless of when cash is received or paid. The amounts in this statement are accounted for using the accrual basis of accounting as discussed above. Over time, the increases or decreases in net position are useful indicators of whether the financial health of the Organization is improving or deteriorating. However, other non-financial factors, such as changes in population and in federal funding, must also be considered when assessing the overall health of the Organization.

CITRUS, LEVY, MARION REGIONAL WORKFORCE DEVELOPMENT BOARD, INC.
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019

The governmental fund financial statements provide information on the current assets and liabilities of the General Fund, changes in current financial resources (revenues and expenditures) and current available resources.

- The General Fund Balance Sheet focuses on events that produce *near-term* inflows and outflows of spendable resources as well as on the balances of spendable resources available at the end of the year. The amounts are accounted for using modified accrual accounting. Modified accrual accounting focuses on available cash and other financial assets that can readily be converted to cash. This provides a shorter term view of the governmental fund’s financial position.
- The General Fund Statement of Revenues, Expenditures and Changes in Fund Balance focuses on events that produce *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the year. These amounts are accounted for using modified accrual accounting, as discussed above.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Organization was incorporated as a non-profit Organization on June 17, 1996; under the provisions of the *Florida Not-For-Profit Organization Act* set forth in Chapter 617, Florida Statutes. The Organization exists as a result of the passage of the *Workforce Florida Act of 1996*, as subsequently amended, and the Inter-local Agreement establishing the Citrus, Levy, Marion Workforce Development Consortium. The Organization has been determined to be a special district within the meaning of the *Uniform Special District Accountability Act* of the laws of the State of Florida. The Organization is a special-purpose government.

The purpose of the Organization is to fulfill those duties and responsibilities provided for by the *Workforce Innovation and Opportunity Act*, the *Personal Responsibility and Work Opportunity Reconciliation Act of 1996*, the *Balanced Budget Act of 1997*, and the *Workforce Florida Act of 1996*, as amended; consistent with the provisions of job training, job placement and benefit services to the citizens of Citrus, Levy, and Marion Counties, Florida.

The Governing Board (the Board) of the Organization is the Board of Directors. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Organization (the primary government unit) and its component units. There were no entities that required inclusion as a component unit within the Organization's financial statements.

Basis of Presentation

The basic financial statements have been prepared in conformity with the accounting principles and reporting guidelines established by the GASB.

Basis of Accounting and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Organization considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

However, expenditures related to compensated absences are recorded only when payment is due.

The Organization uses the following fund type - the General Fund. This fund is the Organization's only operating fund. It is used to account for all revenues and expenditures applicable to the general operations of the Organization. The fund is charged with all costs of operations.

CITRUS, LEVY, MARION REGIONAL WORKFORCE DEVELOPMENT BOARD, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

Budgets and Budgetary Process

The Board adopts an annual operating budget, which can be amended by the Organization throughout the year. The budget is adopted using the same basis of accounting that is used to reflect actual revenues and expenditures.

Functional Allocation of Expenses

The costs of providing the various programs and other activities of the Organization have been summarized on a functional basis in the Statement of Activities. Certain costs are allocated to the various programs and supporting services of the Organization based on the Cost Allocation Plan submitted to and approved by the U.S. Department of Labor. Costs that are directly related to the Organization's specific purposes have been recorded as direct expense and included as program services. Costs which are directly shared have been allocated among programs and supporting services based upon personnel activity reports or another allocation base which reflects the proportionate share of the benefits received. Indirect costs are allocated to benefiting programs based upon an indirect cost rate approved by the U.S. Department of Labor.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. No portion of receivables has been estimated as uncollectible by the Organization. All receivables are considered fully collectible.

Fund Balance

Governmental funds report separate classifications of fund balance.

■ **Non-Spendable**

The non-spendable fund balance classification includes amounts that cannot be spent because they are either: (a) not in spendable form or (b) legally or contractually required to be maintained intact.

■ **Restricted**

The restricted fund balance is defined as having restrictions: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

■ **Committed**

Committed fund balance is defined as amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Organization's Board.

■ **Assigned**

Assigned fund balance is defined as amounts that are constrained by the Organization's Boards' intent to be used for specific purposes, but are neither restricted nor committed. The Organization has given the authority to assign fund balance to the Executive Director. Assigned fund balance includes spendable fund balance amounts established by the Executive Director that are intended to be used for specific purposes that are neither considered restricted or committed.

CITRUS, LEVY, MARION REGIONAL WORKFORCE DEVELOPMENT BOARD, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

Assignment of fund balance may be: (a) made for a specific purpose that is narrower than the general purposes of the government itself; and/or (b) used to reflect the appropriation of a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year’s budget in an amount no greater than the projected excess of expected expenditures over expected revenues. Assigned fund balance shall reflect management’s intended use of resources as set forth each year by the Executive Director. Assigned fund balance may or may not be appropriated for expenditure in the subsequent year depending on the timing of the project/reserve for which it was assigned.

■ **Unassigned**

Unassigned fund balance is the residual classification for the general fund.

It is the policy of the Organization that they will use restricted resources to the extent that they are available, then committed resources, followed by assigned resources. Once these are consumed, the Organization will then use unassigned resources. The Organization does not have a formal policy requiring a minimum fund balance.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during that reported period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment acquired are recorded as expenditures in governmental funds and are stated at cost in the government-wide statements. Property and equipment are defined by the Organization as assets with an initial, individual cost of \$5,000 or more and an estimated useful life of more than one year. Depreciation has been recorded using the straight-line method over estimated useful lives of 3 to 20 years as follows:

Assets	Years
Office Equipment	7
Miscellaneous Equipment	20
Data Processing Equipment	3-15

Pension Plan

The provision for pension cost is recorded on an annual basis. The Organization’s policy is to fund pension costs as they accrue.

Cash

The Organization pools cash resources of its various programs to facilitate the management of cash. Cash applicable to a particular program is readily identifiable. The balance in the pooled cash accounts is held at a bank that is a member of the State of Florida pool for pledging securities against fund deposits and is available to meet current operating requirements. As a result, the Organization has no need for a policy regarding deposit custodial credit risk.

CITRUS, LEVY, MARION REGIONAL WORKFORCE DEVELOPMENT BOARD, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid assets are reported as non-spendable in the fund financial statements to indicate that prepaid amounts do not represent available expendable resources.

Vacation, Sick Leave, and Other Compensated Absences

The Organization's employees are entitled to certain compensated absences based on length of employment and other factors. With minor exceptions, compensated absences either vest or accumulate and are accrued when they are earned. Compensated absences are accrued at June 30, 2019, in the amount of \$255,273.

Postemployment Healthcare Benefits

The Organization does not provide postemployment healthcare benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the Organization.

Fair Value of Financial Instruments

The following methods and assumptions were used to estimate fair value of each class of financial instruments for which it is feasible to estimate that value:

- Cash, Accounts Receivable, and Accounts payable - Carrying amount approximates fair value due to the short maturity of these financial instruments.

NOTE 2 - GOVERNMENT-WIDE VS FUND FINANCIAL STATEMENTS

Governmental Fund Balance Sheet to Statement of Net Position - Amounts reported for Governmental activities in the Statement of Net Assets are different because:

Capital Assets - Capital assets used in governmental activities are not reported in the governmental funds.

Cost of Capital Assets	\$ 465,652
Accumulated Depreciation	<u>(455,783)</u>
	<u>\$ 9,869</u>

Long-Term Liabilities - Long-term liabilities are not reported in the governmental funds.

Compensated Absences	<u>\$ 255,273</u>
----------------------	-------------------

Governmental Fund Revenues, Expenditures, and Changes in Fund Balance to Statement of Activities - Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives.

Current Year Depreciation Expense	<u>\$ 2,499</u>
-----------------------------------	-----------------

A decrease in compensated absences liability increases net position, but has no effect on fund balance.

These reconciliations were completed as required, and the Organization’s financial records are reconciled with the reported expenditures in SERA for the year ended June 30, 2019.

NOTE 8 - COMMITMENTS, CONTINGENCIES, AND CLAIMS

The Organization receives substantially all of its support through federal and state funding. A significant reduction in the level of this support, if this were to occur, would have an effect on the Organization’s programs and activities.

Grants require the fulfillment of certain conditions set forth in the instrument of the grant. Failure to fulfill the conditions could result in the return of the funds to grantors. Although this is a possibility, the Board and Management deems the contingency remote.

NOTE 9 - RISK MANAGEMENT

The Organization is exposed to various risks of loss, including general liability, personal injury, workers compensation, and errors and omissions. To manage its risks, the Organization has purchased commercial insurance. Settled claims resulting from these risks have not materially exceeded commercial coverage in the current and previous three years.

NOTE 10 - RELATED-PARTY BALANCES AND TRANSACTIONS

The Organization has entered into contractual agreements with local colleges and community organizations, several of which have delegates on the Board in accordance with procedures established by the Florida Department of Economic Opportunity. These procedures required a two-thirds majority vote of the Board in favor with the related-party abstaining from the vote. Utilization of these training vendors is the decision of the individual participant.

NOTE 11 - INCOME TAX REPORTING

The Organization has been granted an exemption from income taxes under IRC, Section 501(c)(3) as a non-profit Organization. As required by Internal Revenue Service (IRS) regulations, the Organization annually files a Form 990, "Return of Organization Exempt from Income Tax" with the IRS. The returns for 2018, 2017, and 2016 are subject to review and adjustment by the IRS. Management has evaluated the effect of the guidance provided by U.S. Generally Accepted Accounting Principles on Accounting for Uncertainty in Income Taxes. Management believes that the Organization continues to satisfy the requirements of a tax-exempt Organization at June 30, 2019. Management has evaluated all other tax positions that could have a significant effect on the financial statements and determined the Organization had no uncertain income tax positions.

NOTE 12 - SUBSEQUENT EVENTS

The Board has evaluated events and transactions for potential recognition of disclosure in the financial statements through March 11, 2020, the date that the audit report was available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Citrus, Levy, Marion Regional Workforce Development Board, Inc.
d/b/a CareerSource Citrus Levy Marion
Ocala, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Citrus, Levy, Marion Regional Workforce Development Board, Inc. d/b/a CareerSource Citrus Levy Marion (the Organization) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements, and have issued our report thereon dated March 11, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited the Organization's compliance of Citrus, Levy, Marion Regional Workforce Development Board, Inc. d/b/a CareerSource Citrus Levy Marion (the Organization) with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2019. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.
