

How to Navigate a Virtual Career Fair

Once you log in, your profile will show up with the events you have registered for on the right.

Go ahead and edit your profile, upload a professional picture, reupload your resume and more with the green buttons to the left. When the event's date and time have arrived a button will appear for admission. Once you have entered, choose where you would like to explore. Eventually, you will see a booth, like the one above.

What you can find at a Virtual Booth

1. Click here to be directed to the company's website.
2. Click to go back to the Main Lobby.
3. Find 1 - 3 links that will lead you to videos, downloadable content or other websites associated to the company.
4. Click "Chat Now" to talk to a representative or hiring manager in real time.
5. Find a company's social media links here.
6. View the available job positions a company has and submit your resume with one click.
7. Read up about the organization or business you are visiting.
