### **Performance Negotiations**

Dale French explained to the committee that performance goals are negotiated with the State every two years. He reviewed the 2019 actual performance goals and outlined the proposed performance goals for the 2020-21 and 2021-22 program years.

After Dale French reviewed the Indicators of Performance Report, Brandon Whiteman asked if annual reports were provided by the State. ### **Report on Sub-recipient Monitoring**

October 1, 2020

Audit Committee and Workforce Administrative Team CareerSource Citrus Levy Marion

We have performed the procedures listed below to assist the CareerSource Citrus Levy Marion (CLM) with its annual sub-recipient monitoring responsibilities. Those responsibilities include testing compliance of CLM's sub-recipients with the regulations of the Department of Economic Opportunity (DEO). This engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

For the year ended June 30, 2020, CLM held a contract with a sub-recipient, Eckerd Youth Alternatives, Inc. (Eckerd) from July 1, 2019 through June 30, 2020. Our procedures were performed with respect to this contract for the same period.

The procedures and the associated findings, if any, are as follows:

PROCEDURE 1: Review the sub-recipient contract for terms, conditions and federal requirements.

#### Results of Procedures:

The terms, conditions, and federal requirements listed in the DEO Financial Monitoring Tool were included in the subrecipient contract.

**PROCEDURE 2:** Review the most recent single audit report of Eckerd Youth Alternatives, Inc. to:

- ensure dollars included are properly identified, and
- •determine if any findings and related corrective actions were addressed.

#### Results of Procedures:

• Current year findings 2020-1: In the current year we compared the amount recorded by CareerSource Citrus, Levy, Marion for contractual payments to Eckerd for WIOA Youth of \$1,082,816 to the amount on Eckerd's financial statements in the Schedule of Federal Awards of \$1,066,959. This variance of \$15,857 is likely due to a 2020 year end accrual difference. Youthbuild contractual payments of \$206,994 were listed in the Eckerd SEFA as WIOA Youth. All other amounts agreed with the CareerSource's records. There were no findings or questioned costs regarding WIOA or Youthbuild funding.

Florida Institute of Certified Public Accountants • American Institute of Certified Public Accountants

**PROCEDURE** 3: Review the Corporation's most recent sub-recipient fiscal monitoring report and determine if any findings and related corrective actions were addressed.

Prior year findings fiscal year 2019:

In the prior year we noted that the passthrough grant from CareerSource Citrus, Levy, Marion to Eckerd Youth Alternatives Inc, in the 2019 Schedule of Federal Awards in the Eckerd annual audited financial statements was \$5,676 more than the amount recorded by CareerSource Citrus, Levy, Marion. This difference was attributed to a difference in year end accruals. \$206,994 received by Eckerd for Youthbuild which were included in the contractual payments made by the Workforce Board appeared to be classified as WIOA Youth on the Schedule of Federal Awards in the Eckerd annual audited financial statements.

In the prior year we noted that two of the Eckerd invoices did not have adequate documentation to provide a preaudit of the expenditures for which they were reimbursed. The lack of documentation was addressed by the CareerSource. During the current fiscal year, all of the invoices were sufficient to allow a preaudit of the amounts charged on the contract.

**PROCEDURE 4:** Review sub-recipient financial procedures to determine if they have good internal controls.

#### Results of Procedures:

We reviewed the internal controls over the expenditure of grants funds using the DEO fiscal monitoring tool. We noted no deficiencies in internal control over financial procedures that would have an effect on compliance with Federal awards requirements.

**PROCEDURE 5:** Interview sub-recipient finance staff via internet to corroborate internal controls addressed in procedure #4.

#### Results of Procedures:

The Eckerd staff provided us with answers to a internal control questionnaire. There were no additional findings in the current year.

**PROCEDURE** 6: Review the sub-recipient invoices to date and determine if they are in compliance with the terms of the contract.

### Results of Procedures:

The invoices were in compliance with the terms of the contract.

**PROCEDURE 7:** Select samples of sub-recipient payroll, fringe benefits, operating costs, performance payments. Test for allowability, allocability, reasonableness, and compliance with contract terms.

We selected the following from invoices for the period from July 1, 2019 to June 30, 2020:

- 1. We selected 66 disbursements and inspected copies of supporting documentation.
- 2. We selected 26 employee payments and inspected copies of time sheets and traced the

**Employee Earnings History.** 

 We created a spreadsheet of the payroll costs by employee and compared to approved salary ranges. All salaries charged to the contract were within the limits specified in the contract.

4. We created a spreadsheet to review all fringe benefit costs analytically. Fringe benefits including taxes were billed at 22.86%.

**Results of Procedures:** All of the supporting documentation was available and adequate, properly allocated and reasonable.

**PROCEDURE** 8: Review approval of sub-recipient's indirect cost rate submitted with the proposal and approved federal indirect cost rate.

Results of Procedures: We reviewed the indirect cost rate used by Eckerd. Eckerd used an indirect costs rate of 14.47% of total direct costs. The computation of indirect costs based upon the Eckerd final billing was 14.47%.

**PROCEDURE 9:** Agree sub-recipient performance payments to participant data in Employ Florida Marketplace (EFM), State of Florida database system.

Results of Procedures: Eckerd met the criteria for their performance payments based upon data provided by the Corporation staff.

**PROCEDURE 10:** Determine if the In-school/Out-of-School and Work Experience percentages on the subrecipient invoices are supported by participant data in EFM.

Results of Procedures: The percentage of In-School /Out of School Youth were supported by participant data in EFM. The program required percentage of participants involved in Work Experience was also met.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the regulations of DEO. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Audit Committee and Workforce Administrative Team of the Corporation, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

## **Transactional Net Promoter Cumulative Report Program Year 20 - 21**

| Candidate Report               | Region 10 Net Promoter Score (July to Oct 2020) |
|--------------------------------|---|
| Net Promoter Score–Area/Region | <b>▶</b> +84                                    |

<u>Some Context on the Score</u>: This score is based on a survey taken approximately 1 to 4 weeks after the first service. Net Promoter scores range between -100 and +100. Based on global NPS standards, any score 0 to 49 would be considered "Good" – scores between 50 and 69 are "Excellent" and scores 70 and above are considered "World Class" or "Exceptional". Simply put, any positive score means that you have more promoters (advocates willing to recommend you) than detractors (unhappy or dissatisfied customers).

| Business Report                | Region 10 Business Net Promoter Score |
|--------------------------------|---------------------------------------|
| Net Promoter Score–Area/Region | ▶ 87                                  |

<u>Some Context on the Score</u>: This score is based on a survey taken approximately 6 months after the first service. Net Promoter scores range between -100 and +100. Based on global NPS standards, any score 0 to 49 would be considered "Good" – scores between 50 and 69 are "Excellent" and scores 70 and above are considered "World Class" or "Exceptional". Simply put, any positive score means that you have more promoters (advocates willing to recommend you) than detractors (unhappy or dissatisfied customers).
