DISCUSSION ITEMS

State Update

Workforce Issues that are Important to Our Community

Rusty Skinner updated the committee on the following items:

- DEO has requested input from the State Association regarding aspects of Bill 1507 that may have legal conflicts if implemented. Input is being gathered and a list is being generated for potential problematic areas in the Bill. One specific item is the holdback on a 10% ITA payment.
- On a positive note, the performance requirements for agencies eligible for the training provider list is less than our current requirements. We should not have

any issues with additions to the training provider list.

2022 State of the Workforce Conference

Dale French explained to the committee that we will be partnering with OHRMA on the 2022 Conference. We joined forces on the 2021 Conference and learned that they also hold a similar conference in January. Instead of having competing events a few months apart we will mix our content with their content and have really effective event for attendees. The event is planned in-person. The 2021 virtual conference did not have the attendance numbers that the 2019 in-person had, so we are hopeful that attendance will be increased for 2022. Committee members were positive about the joint effort.
