### **DISCUSSION ITEMS**

State Updates

Workforce Issues that are Important to Our Community

Rusty Skinner updated the committee on the following items:

- CareerSource Florida is taking a more operational and policy driven stance than before. We are learning how to navigate the relationship between DEO, CareerSource Florida, and the regions.
- There will be a meeting on May 24 with DEO, CareerSource Florida, the State's

consultant Ernst and Young and the regional directors to discuss the next steps in the realignment process, system improvements, as well as regional planning.

- House Bill 7051 and Senate Bill 240 have all passed and if signed by the governor would require all school districts to have job fairs in every high school. Lobbyists are working to see if there could be one centralized job fair per county as having a job fair at every high school could be challenging for businesses to support numerous events.
- These bills also require the formation of an education consortium. The executive committee will be briefed on how this will develop and how we will comply with the law. We are awaiting interpretation of this Bill by educational partners, CareerSource Florida, and DEO. Potentially, this consortium could be an avenue to support credentials of value.

#### Workforce Issues that are Important to Our Community The committee members did not have any issues to discuss.

### 2023 Monitoring Tool

Rusty Skinner explained that the attached tool contains the questions and areas that the monitors review. Responses have already been submitted and we are currently in the review period.

# Local Workforce Development Board Background

CSCLM is designated as a Special District of the State of Florida and has a 501c(3) private non-profit corporate status. CSCLM was incorporated in June 1996 and began operation January 1, 1997. It was created solely as an administrative entity. CSCLM is one of 24 current Workforce Regions in the State of Florida and is responsible for the administration of the Workforce Innovation and Opportunity Act (WIOA) of 2015, Temporary Assistance for Needy Families (TANF), Department of Economic Opportunity (DEO) pass through funds (Veterans, Wagner Peyser, and Trade Adjustment Act), and Reed Act allocations for the three-county region. The amount of funds is determined by formula or competition and distributed or contracted respectively by the State of Florida. Representatives of the public and private sector of Citrus, Levy, and Marion Counties serve on the Workforce Board, which is the governing board of the corporation.

# Section 1. Staff Technical Qualifications

Underwood Sloan and Associates (hereinafter referred to as "The Team") offers an excellent basis for success. Amy Kelly, the Director of Workforce Monitoring for USA, has conducted this same monitoring for CSCLM the past 3 years. Wes Underwood and Calvin Sloan both worked in the Bureau of Financial Monitoring and Accountability at the Department of Economic Opportunity (DEO). Mr. Sloan was assigned Citrus Levy and Marion Regional Workforce Board as part of his past responsibilities at DEO, and Wes Underwood, as the Bureau Chief during his tenure, had extensive interaction with LWDB Directors and Financial staff. While the time served there provides a strong foundation for the monitoring, all went on to advanced leadership positions within State Government. The Team has had a continued focus on Financial and oversight processes and responsibilities. This team would be the team that oversees and/or conducts the monitoring and would be the team onsite.

In addition to the work the Team has performed for CSCLM, USA also performs these same services for CareerSource North Central Florida, with hopes of expansion to other CareerSource boards. USA has recently served as a subcontractor for KPMG on engagements evaluating questioned costs and federal audit findings on 3 other CareerSource boards. The Team is also currently part of another KPMG engagement evaluating the tools and methods being utilized by DEO's Bureau of Financial Monitoring and Accountability.

While the Team brings more than seven documented years' experience monitoring workforce boards, our experience is diverse across multiple functional areas including accounting, auditing, budgeting, contracts and grants management, human resource management, information technology, and project management. Currently the Team provides project management and management consulting services across multiple engagements involving federal funds received from multiple federal agencies. The Team brings over 50 years of governmental leadership experience that can and will meet the LWDB's expectations.

Calvin and Wes both have master's degrees in Administration with a focus in Public Administration, while Amy holds a Master's of Business Administration degree. All three are Project Management Professionals (PMP), as designated by the Project Management Institute. Calvin is a Certified Governmental Financial Manager and Wes is a Certified Information Systems Auditor.

Each team member brings experience in a variety of governmental and private sector environments. Each team member has worked extensively with federal funding and the associated requirements ranging from the OMB circulars to 2 CFR 200 requirements and the application of same. We bring specialized experience from the time spent in our respective fields that encompasses executive level leadership to unique audits and compliance reviews.

# Section 2. Technical Qualifications

USA brings together a very dynamic and competent team to address your monitoring needs. USA is a Certified Veteran Owned Small Business (National and Florida certifications) and is committed to opportunities both locally, regionally, and nationally. For this engagement, you are getting the partners and leadership of the firm directly overseeing and/or completing the monitoring onsite. Since we are the firm's management, we will have direct oversight of the monitoring and outcomes.

Obviously since USA has monitored LWDB's (to include Citrus Levy Marion LWDB), we have direct and applicable experience in this type of monitoring. The team is intimately familiar with the DEO monitoring tools and stays abreast of pertinent State and Federal regulations and policies governing the workforce programs. We are also familiar with the systems and applications utilized by the LWDBs in the day-to-day management and tracking of program services and we maintain access to the Employ Florida, One-Stop Service Tracking (OSST), and Atlas systems in the performance of our current monitoring agreements.

Currently, the proposed monitoring team has over four years of experience delivering grants management, project management, and advisory services for the FEMA Public Assistance (PA) Program and the Community Development Block Grant-Disaster Recovery (CDBG-DR) Program, federally funded programs designed to provide disaster recovery aid to public and not-for-profit entities. The team has experience in delivering such services to the Florida Division of Emergency Management and the Florida Department of Economic Opportunity (Commerce).

# Section 3. Monitoring Approach

As requested, the initial monitoring would focus on reviews of CareerSource Citrus Levy Marion programmatic procedures, and finance distribution and processes.

Ongoing monitoring would reflect the tools and techniques utilized by DEO for programmatic and fiscal monitoring. The rationale behind this is simple. The metrics, tools, and approach utilized by the Subrecipient (DEO) to ensure compliance is already defined. Essentially, we already know and have the measuring stick by which the LWDB will be measured. Utilizing the tools already developed, we can identify opportunities for improvement in advance of the State (DEO) completing their compliance efforts to help ensure that the LWDB is at a minimum meeting all required standards.

The team has a strong understanding of the programs and subrecipient expectations. With our relationship with both programmatic and fiscal monitoring staff at DEO, we would work closely with DEO as an extension of and in support of the LWDB to ensure we have the latest information, trends, and roadblocks to success.

As the team has been providing independent monitoring services for CSCLM since 2020, we are familiar with local office policies, procedures, and operations. This knowledge and experience, coupled with our fluency in utilizing the DEO monitoring tools, as well as the positive working relationships that we have developed with CSCLM staff through the course of our monitorings, will enable the team to effortlessly integrate and provide efficient implementation of monitoring processes.

For a time estimate, we would allow the current funding levels to be the driver of time spent in monitoring. This methodology reflects reality in money and corresponding effort. The only caveat being that if a program or fiscal area is identified that requires additional time, we would adjust accordingly.

Andrea is a great support. She listens and reminded me of my goals throughout the process. She reminded me to stay true to what I wanted personally and professionally. She often times worked late trying to find me job leads.

Andrea was extremely professional in her assessments and recommendations, BESIDES being very kind and helpful. She is an incredible person to work with I would, I am already recommending her and the Talent Center to anyone looking for a job in Ocala.

Andrea is professional and friendly. She made me feel comfortable as soon as I met her. I appreciate how knowledgeable Andrea is regarding resumes. She gave me tools and ideas to update my resume. She was excellent.

Helpful, kind, motivating

After meeting with Chris Wilkinson, I was contacted shortly after to be recommended to a government position, which is what I was looking for. Two weeks later I was interviewed for the position, and shortly after was hired.

It was so nice to meet Chris. He helped me update my resume. Provided me with a link to help me improve my skills to further my career. Chris listen to what I was looking for in career and the salary I was looking for.

Career Source helped to secure a career instead of just a job. I'm excited about coming to work every day and actually using my Bachelor's Degree.

I was struggling with my resume and the interview process and couldn't land a job. I had gone on maybe 15-20 interviews. I met with Andrea first and then Chris, who helped me revise my resume and improve my interview skills. Soon after I got a job

Mr Wilkinson is very professional, attentive and punctual.
